
Dates

Lesson Two: Write dates in the following order:

month ▸ day (,) ▸ year

Remember to put a comma (,) between the day and the year. Putting a comma between the day and the year keeps the numbers separate.

June 26, 2005 February 2, 1977 November 29, 2005

A. Rewrite the following dates. Add a comma between the day and year.
*Note: Remember to capitalize the months. Example: *January 20, 2007*

1. january 1 2000 _____
2. march 13 1955 _____
3. april 5 1913 _____
4. july 14 1972 _____
5. december 29 2004 _____

B. Dates can be written using only numbers. There are 12 months in a year and each month has a number. July 4, 1996 is the same as 7-4-96 *or* 7/4/96.

November 3, 2001	11-3-01	*or*	11/3/01
March 15, 2007		*or*	
June 26, 1988		*or*	
December 25, 2009		*or*	
July 4, 1776		*or*
