

The Summer Olympics

Read Aloud Activity

The Summer Olympics is an international sporting event. It is held every four years. Athletes from around the world gather together and compete to win medals.

The first place winner gets a gold medal, the second place winner gets a silver medal, and the third place winner gets a bronze medal.

Only the best athletes from each country get to participate in the Olympics. The Summer Olympics includes sports like gymnastics, swimming, diving, wrestling, and cycling. Fans buy tickets to watch the athletes perform.
